Recognising ESG leaders and promoting industry best practices

The Hong Kong ESG Reporting Awards (HERA) is an annual event to recognise listed companies for outstanding ESG reporting and business practices. The awards not only celebrate the winners and the cause, but also bolster the efforts companies invest in to pursue improved ESG practices.

Every year the winning organisations set new standards for quality ESG disclosure, raising the bar for the overall standards of disclosure levels in Hong Kong and China. Past winners of HERA awards include AAC Technologies, Chow Tai Fook, The Airport Authority, Bank of East Asia, Cathay Pacific Catering, COSCO Shipping, China Overseas Property, and others.

HERA Forum

Considering the unprecedented events in 2020, HERA aims not only to recognise companies for outstanding reporting on ESG, but also to build and strengthen the ESG coterie in Hong Kong, China, and Macau. We want to highlight growing interest in ESG in the midst of the ongoing turbulence and how companies can tap into new opportunities, address challenges and adapt their business models to ensure long-term sustainability.
